GeriatricCare[®] MANAGEMENT, INC.

*Individualized Services for
the Elderly and Disabled*

*Solving
the Care Management
And Home Care Puzzle*

SERVING THE ENTIRE WASHINGTON DC METROPOLITAN AREA

SOLVING THE CARE MANAGEMENT AND HOME CARE PUZZLE

Geriatricare® Management, Inc. was founded in 1996 by Stephanie Thomopoulos, a Licensed Clinical Social Worker with over 18 years of experience working with seniors and their families. As a Professional Care Management agency, we understand and can assist with many of the common problems faced by the elderly disabled and their families, such as memory loss, grief, loss issues and conflict concerning care issues. Our mission is to act as a family representative or family substitute for clients at a point in life when added personalized support is needed.

Geriatricare® Management, Inc. provides a wide range of individualized services to the elderly, disabled and their families including:

- Coordination of services and care providers
- Expertise in Memory Impairment and/or Behavior Management
- Bill Paying, Claims Services & Entitlement
- Housing, Relocation & Downsizing
- Post-Hospital Planning
- Long Distance Care-Giving
- “Plan Now, Care Later”
- Medical Appointment Assistance
- Expertise in Community Resources
- Counseling/Consultation Services

We are a full service, licensed Home Health Agency that provides a broad range of non-medical, supportive services ranging from meal preparation and light housekeeping to taking a client to doctor appointments and assisting with bathing and dressing.

All of our caregivers are employees of Geriatricare® Management, Inc. so we pay their payroll taxes. Placing security and safety as a priority, our caregivers are bonded, covered by worker’s compensation, and liability insurances.

Our potential employees go through a rigorous screening process with criminal background checks. We also require proof of automobile insurance, up-to-date TB tests and we check each applicant’s personal and professional references. Caregivers are oriented and monitored by an RN case manager who provides and implements the plan of care. Our selection process assures our clients peace of mind and the security of knowing they have a professional team working for them.
